Payment details

In order to apply for a grant you must have a bank or building society account in the name of your group. We can only pay grants into an account which requires at least two people to sign each cheque or withdrawal.

Most high street banks operate 'Clubs and societies' accounts. As there are so many similar groups in the community, banks will generally understand your needs and will help you to choose and set up an appropriate account.

Start-up grant terms and conditions

- Groups must not have been active for more than one year prior to the application
- Groups must have a recognised bank or building society account with two account signatories
- You must retain receipts of purchases and write a short report for head office on how the grant was spent
- Groups are only entitled to one start-up grant for a fixed £200
- By accepting the grant offer, you will be agreeing to Raleigh publishing case studies or other publicity of your work on our website or in other publications

This form must be signed by two people authorised to sign on behalf of the group/project. By signing this form you are agreeing to spend the start up grant to promote the work of your support group and to promote the work of Raleigh.
